I walk through hills & mountains
Thinkin I might find you there
On & On & On I travel
Just tryin to find you

Chorus: Searchin, Searchin, Searchin, Searchin

Follow rivers down to the sea
All the time waitin for a glimpse of you
Look down from the sky baby
Just tryin to find you

(Repeat Chorus)

Traveled past the wornin signs
Just as if they weren't there
Come back to me darlin
Just can't seem to find you

(Repeat Chorus)

Walked on down to the river bed
Thinkin I might find you there
Looked through every canyon
Tryin to find where you've gone

(Repeat Chorus)

Looked through the eyes of an Eagle
Thought I might see you in the dark
Went on down to the bottom of the sea
Hopin you'd come back to me

(Repeat Chorus)
